

THE CARD COLLECTOR'S BULLETIN

Volume IX

October 1, 1946

Whole No. 44

CATALOG NOTES

Most BULLETIN readers now have their copy of the new Catalog, and orders are coming in at a satisfactory rate, although publicity to date has been mostly of the "one friend tells another" type - which is a most effective kind and much appreciated. One defective copy has been reported, and any such should be returned for replacement.

An error occurred on page I in connection with the British price. What reads "orders of 5" should be "orders at 5/-". The printer evidently was not familiar with English coinage and could not believe the copy was right. This item, like some of the other slips noted below, was a last minute insertion and did not get proof read. The slightly higher price in England is due to additional postage costs of remailing and for publicity costs in British mediums which could not be carried at the local rate.

Quite a few additions to the set lists have already been noted but listing of these will be postponed until the next BULLETIN. Just what plan of inserting them is best has not yet been decided. Blank spaces have been left throughout the Catalog but these spaces will not be sufficient in many sections. Cost prohibited the larger spaces we would have liked. Printing was done on a per page price and so blank space cost as much as printed. In fact, blank spaces left cost some \$75.

At this time we will list only additions and corrections to sets already shown. Going from front to back we note-....#246-I should be I 5/8 x 2 3/4.....#359 add: see also #532g.....#385 add: c) red and white. ...#506 is a Spaulding & Merrick brand.....#525 is Sub Cigarros.....#532 add: g) Cockade (Venable).....#561 is The Seasons.....#639 should list .IO.....#664 is Old Fashion.....#627 should be: similar to S24.....#DII also by Williams (Newark).....#D27 also by Webber Bros.....#D45 similar to M5.....#DC4 is as FC18.....#FC9 new titles (15 each) announced for: Denizens of the Deep, Dogs, Great Deeds in Canada, Histories of Flight, Things to make, Tricks, Uniforms.....#FC17 also by Kavanagh Foods.....#E19 should list .05.....#V8 is a s #E4I.....#V20 should list .05.....#V350 is as #FC17.....#UIO4 should list .IO.....#G344-I should list .50.....#H427 should be (22)....and more will probably be found as the thousands of details and haste make it inevitable - not to mention the new details and additions continually being found.

The new Catalog has been generally well received. Greatest praise has come from those who are seeing such a catalog for the first time. It is only natural that those who have been using the 1939 edition for the past seven years should be a bit confused by the many changes. However, all admit that the changes had to be made and that the best method has probably been used. A little more use will familiarize all with the new style and numbering and make the old one entirely obsolete.

Although he hasn't kicked about it, one collector asked for more Indexes, and didn't get even one. We thought the Table of Contents just about covered this need, and when we tried to prepare another Index we decided it of so little value as to hardly worth while. A glance at page 3 will usually tell where is what. It will also show the distinguishing letter for types, as T for Twentieth Tob, C for Canada, A for Albums, E for Early Candy, etc. Most of these have a direct tie-up although it was impossible to make C stand for Canada, coffee, candy and other things. One collector thinks a straight ABC

from front to back would have been better, but it is doubtful.

Criticism of the price ranges for one or two types of cards has been made and all such comments will be taken under advisement. We believe the stated prices should be given a fair trial before making changes. Many factors enter into value making and some require a time trial before any accurate decision can be made.

One critic liked the general style and make up of the 1939 catalog in preference to the new one. As previously stated, it was impossible to continue the loose leaf binding and one-side-of-sheet printing at this time. We presume that search and money could find printers who will do anything, but ordinary printers cannot duplicate that 1939 style which was really a custom job. We were unable to find anyone who could punch those binding holes and we personally had to carry all of those catalogs 32 miles where we could drill the holes on a drill-press using a special jig which we made, and then inserted them in the binders ourselves. At present, we haven't the time for such work. Another factor was weight. The new catalog goes anywhere domestic for 4¢ and foreign 6¢. A fraction of an ounce more weight would mean zoned rates of 5¢ to 11¢ domestic and 14¢ foreign-greatly increasing mailing costs.

We preferred to keep the selling price to a minimum, obtaining a possibly wider distribution, rather than satisfy a few who would gladly have paid a price of \$2. or more for a more expensive product. Even before the war most Catalogs of this type sold at \$1. to \$2. Actually the selling price of 75¢ is figured so close that it little more than covers the cost of production and mailing, leaving ads to pay publicity.

And Pictures - how we would have liked a hundred of them, but their absence is understood when we point out that the four used cost just about \$48 to publish. But not all problems involved cost. Cover material, for instance. The printer could supply nothing at all suitable and we searched five wholesale paper houses to find the leatherette material used and which was the very best grade obtainable.

CHECKLIST CORRECTIONS

List 130- change additions in Bull.#42 to: Type 2: Nos.95-96-97; and Type 4: to #103.

List 178- cross off the 5 Pittsburg additions in Bull.#42(all are listed)

NEW PRESIDENT of the Post Card Collectors Club is Lt.C.Ray Mitchell and his assistant Cpl.Robert HaMiller. Both are Kansas City boys and both have war injuries resulting in paralysis from the waist down. Their picture in the current GAZETTE shows two of the finest possible young men and we know the club will grow and prosper with them. Address the club at 6412 Independence Ave., Kansas City 3, Mo.

H. BRUCE SPENCER, able Secretary of the Playing Card Collectors Assn is ill in a Chicago hospital. We would guess it is from overwork. Fellow members recently took a collection for a birthday present to him.

LOUIS BOBEL of New Jersey orders a Catalog and sends a list of the items he collects. Most are content with a few things, but Louis lists 128, and thats a lot of hobbies in any language.

I wish to buy Flannels -

VISITORS AT 400

Late summer has brought a half dozen carders at the Bulletin home whom we have enjoyed seeing. From Rochester, our neighbor city of Kimball-Hess-Whalen fame, came Howard Paul and Harold Ross to renew old friendships. The joke was that they missed seeing each other by five minutes although neither knew that the other was in town.

From Florida comes Bill Christie, the genial postmaster and specialist in matters baseball. Cards had competition that afternoon as the annual Soap Box Derby was being run and the finish line almost in front of our home, but Bill says he saw plenty just the same and enjoyed it.

Mr. Bray stopped in for an evening to bring his listings for the new sale and talk cards until the late hours. A few days later Mr. Eric Gurd of London called by phone from New York. The Editor of the Cartophilic World found it impossible to call, but we enjoyed a few words.

A few days before going to press, Mr. C. Glidden Osborne, also of England, made us an all too short visit. We would have liked at least a full day with this keen collector and authority on cards. Mr. Osborne who is handling sale of our Catalogs in Great Britain, is President of The Cartophilic Society of Great Britain and owner of one of the largest collections of cards in the world. We wish it were possible for all American collectors to enjoy a visit with this ambassador-extraordinary.

G. Lionel Carter had an excellent bit of publicity recently when the Bloomington (Ill.) Pantagraph ran a fine illustrated article written by the Sports Editor on Baseball card collecting and the Carter collection.

In England, the advance of collecting is shown by the start of publication of another general card magazine and the opening of a second big card auction house. Resumption of card issues is said to depend only on the availability of paper stock and collectors are trying to clear their decks in preparation for these first post war issues.

GOODWIN'S BASEBALL PHOTOS

While Kinney's photo Actresses have been credited as the longest series of American cards, some doubt of this is shown on examination of Goodwin's Baseball series. The question is, should these be considered as a single series. They appeared over a course of three years with new names and poses appearing each year. Some collectors may choose to call them three series, although separating them into the three year-dates would be a job for Solomon and probably is quite impossible.

The Checklist now shows 695 names and is probably nearly complete in that respect. However, some players are known in as many as nine poses and there are other minor variations in details. Largest known collection contains 1169 entirely different photos plus about 140 of the minor variations. It lacks 146 names. As there are several known collections of these cards ranging from 500 to 1000 or so each, it is apparent that a combination of them all would total close, and possibly more than the 2000 actresses, as additional names and poses still turn up with great frequency whenever a fresh lot is checked.
