Whole No. 59

SCREENING THE CATALOG

While we are constantly adding items to the catalog, there have been but few things eliminated from its pages. However, it is only natural that a few mistakes were made in such a mass of detail. The Bulletin has already noted a change in classification for several items and other minor corrections. These will not be reviewed here, but a few other questionable listings can be pointed out.

Page 14 carries two of these which we have crossed off in our catalog. We have decided that #97 is not an insert set but an unusually small advertising series, and as such hardly worthy of cataloging. For a long time we gave them the benefit of a doubt. The same is true of #123, the Playing Cards, which we now believe to be an ordinary advertising deck and not a premium. There are similar decks for Banner Tobacco, Buchanan & Lyall, and numerous cigars - none of which are as yet catalogued. Note, however, that Kinney #241 is now known. These are mentioned on Kinney coupons and each card is pictorial similar to the small Harlequin series.

In the 20th Tobaccos we delete #T109 as these now seem to be small card coupons differing only in the series or serial number on the back.

Gum cards list R74 as Goudey 7x9 Indian pictures. We have a couple of items purported as being this series but they should not be listed. Only the picture title is handstamped on back with nothing to show its origin or use. The practice is not to make a listing which cannot be identified with the cards by name of issuer or some other distinctive feature. Lacking that, a listing means very little except possibly to someone very familiar with the entire arrangement.

Also in recent gums is R329 Foto Fun. It is possible that some retail store did distribute these but without name of issuer or brand their legality is doubtful. We think they should form a part of #W58 which is a similar novelty. #R410, sad to say, may be extinct. Once highly stretchable, the rubber is long since brittle or stuck tight to whatever is adjacent to it. It was a good idea, anyway.

Butterfly blankets B14 are common, but who has them for B15 in the 3 1/4 x 5 size. We have a single one and it may be just an odd item and not a definite series that should be listed.

We wonder - were Warners Cubeb cigarettes (#481-483) tobacco products or not? If not, these sets are wrongly classified.

Some complete sets were exchangeable for premiums. In such cases it was common to find one card missing. If issued, it was only in small controlled quantities, and such sets should be considered complete without these cards. We have no complete list of such sets but a few such cards are #20 in set #385, #15 in VII7 and VI30, #36 in R51 and #25 in RI72. There are probably several more of these.

There are quite a number of catalog listings for which we do not have a single representative item. In most cases, however, items have been seen and the listing known to be correct. Here are a half dozen unseen things which we think rate at least a question mark until at least a single specimen is reported: #337 Actress cabinet photos by Hess, #502b Occupations for Women by Cameron & Cameron (maybe English), #T305 Miniature Novels 3 1/4 x 5 by American Tobacco, #C113 Autograph Series by Tuckett of Canada, #S109 silk Steamship Line Pennants, and #R340 Sport Kings extra large. While on the subject, there are four tobacco

GEORGE GOUDIE

Card collecting has lost another strong friend in the recent death of Mr. George Goudie of Kansas City, Mo. Mr. Goudie was a member of the Card Collectors' Club of New York and an enthusiastic supporter of every worthwhile endeavor in the card field. He was ever willing to cooperate with others, and he will be missed by many who have benefited by his help. His interest in cards covered a wide range. The hobby extends sympathy to his widow and other surviving relatives.

albums yet to be seen: Kimball's Galaxy of Vienna Beauties and three Hess titles - Great Poets, Modern Statuary, and the Photograph Album. It should be understood that all of these things may exist. In due time most of them will probably come to light.

It can be seen why we usually ask to see any new item before a listing is made. Too often it is already listed or not of listing status. Such samples are returned, of course, although sometimes not too promptly as we often cannot find time for immediate responses. We do appreciate, though, the interest of collectors and welcome their news and inquiries about any doubtful catalog listings.

Mr. T.D. deBlois supplies us with considerable information on Canadian cards including data on some unlisted items. He states that the Benson & Hedges Fire Engine series is now in issue with Henley cigarettes but are not seen too much as both the cards and the cigarettes seem short on popular appeal. He says the "Big 4" in Canadian cigarettes are Sweet Caporals, Players, British Consols, and Black Cat, - not a one of them the same as our Big 4 in the U.S.A.

Mr. Walter E. Corson notes that the Phila. Inquirer recently stated that Mr. Edward Bok once wrote the biographies for the backs of a set of cigarette cards. The series was not named but it was a set of 100 showing celebrities, and Bok was paid \$10. per biography. Walt guesses it might be the Heroes of History. What is your guess? Bok is a Philadelphian, now retired. Mr. Cruse also mentions Mr. Bok in a somewhat similar connection in his recent book "Cigarette Card Cavalcade" but again the reference is indefinite. Someone ought to ask Mr. Bok himself.

Again we thank Messrs. Barker, Paul, Corson, Jones, DeNardo, and Sampter for much needed help on current card issues and data on older series. We believe this issue lists everything that has been shown us in the current gum sets to date. Some of these are of more than passing interest and will be much sought for. We point out that these things soon pass out of the picture and are then hard to find.

The Card Collectors' Club of New York has voted to eliminate the word "Cigarette" from its title. This is a wise move as practically all members collect some types of cards other than the tobacco issues and some have their major interest in these non-tobacco cards. We have always urged a wide interest to derive the greatest pleasure from cards.

We recently stated that the great Peters Currier & Ives collection went to the N.Y. Public Library. Arrangements there could not be agreed on and it went to the N.Y. Historical Society, 170 Central Park W.

As we go to press-auctioneer Bray is enjoying a much needed rest in Florida and points South. He hopes to visit a few collectors there before returning in three weeks to delve into the mass of accumulated mail and card work which is sure to await him.

The 31st Sale, now beginning, contains a large selection of Canadian cigarette and candy cards plus some British cards from the collection of the late L. Phillippe Arel of Quebec. Much of Mr. Arel's holdings was in the nature of a stock rather than a collection and the condition naturally runs from very fine to poor. In order to get them circulating as rapidly as possible it has been decided to offer these assorted lots much as they were found. Many of them contain one or more complete sets. Dealers and collectors with exchange facilities will realize that here is a golden opportunity to acquire material that can be disposed of to advantage in many ways. This is probably the last large lot of Canadian cards that will come on the market. Many are rarer than the catalog value indicates. Remember the rule - bid whatever the lot is worth to you.

Please get Bid Sheets in on time. Ten bidders in last sale were disappointed as their sheets arrived after the closing date. For the 31st Sale sheets should arrive not later than day previous to closing date of May 10. Material is mailed promptly on closing date. Thanks.
